

Phonology Friends

Phonological Awareness (P.A) is the awareness of the phonological segments in speech, which are represented by our letters of the alphabet.

Even though a child can identify letters and sounds it does not always mean they understand how to segment, blend, and identify these phonological segments in sentences, syllables, and words.

Activities from the book, Road To The Code, will be completed each day with Kindergarten students from September through December. These activities will be led by Mrs. Michna, Speech Language Pathologist and trained parent volunteers.

Permission slips will be sent home in the next few weeks.

If you are interested in being a volunteer for Phonology Friends please contact Lee Michna at michnal@slcs.us.
